SUBJECT: FUND RAISING BY STUDENTS, PUBLIC SOLICITATION OF STUDENTS, ADVERTISING, AND SALES TO STUDENTS IN THE SCHOOLS

FUNDRAISING – (EXTRA-CURRICULAR CLUBS AND OTHERS)

Fundraising is the selling of merchandise or services in school, on school grounds, or in the community which the school serves. Any fundraising activities shall be approved in writing by the building principal and must comply with the provisions of the Education Law and Commissioner’s Regulations. All flyers, signs, or other promotional materials must be approved by the Superintendent or his/her designee prior to distribution with the exclusion of extracurricular clubs. In addition all promotional materials must indicate whether or not the activity is sponsored by the school district.

Profits shall be used to enhance school programs by providing money for expenditures not normally funded by the District. All participation shall be voluntary. Written parent/legal guardian consent shall be obtained for children in grades K-8.

It is the expectation of the Board that fundraising should benefit students collectively, or in recognized groups, or an agreed upon beneficiary. The officers and staff advisor(s) of extra-curricular clubs should identify the beneficiary in their club’s meeting minutes prior to any fundraising activities. For all other groups, beneficiaries must be selected by a committee comprised of a minimum of an administrator, an advisor/staff member and a student. Fundraising that benefits families/individuals is not tax-deductible.

Student fundraising activities related to athletics, music, robotics, or parent/teacher organizations are not covered by this policy. Please refer to Policy 3260 – Booster Clubs/Parent Teacher Organizations and Other Sponsoring Organizations.

SOLICITATION

The direct solicitation of funds from students in District schools by non-school agencies is prohibited, except as provided by law. Any fund drive must be sponsored by a District recognized organization and/or activity. Accounting for funds raised shall be in compliance with New York State guidelines.

This policy does not prevent indirect forms of charitable solicitation on school premises that do not involve coercion, such as placing a collection bin in a common area for the donation of food, clothing, other goods or money. The Board shall reserve the right to decide which organizations and/or groups can solicit charitable donations and for what purposes in compliance with the Educational Law and Regulations of the Commissioner.

ADVERTISING

School facilities, staff, and school children shall not be employed in any manner for advertising or otherwise promoting any commercial, political, or non-school agency, individual or organization in the schools, except as prohibited by law.
